## Sheer diversity, from north to south or vice-versa!

Option 1:

Start in Hurghada, end in Port Ghaleb

This tour is for “everyone” possible – experienced as well as less experienced divers. Beautiful reefs and interesting wrecks are on the program.

After starting in our marina it is a short distance to Sha’ab el Erg to the dolphins (if they are at home), then 2 or 3 wreck dives at Abu Nuhas.

We will continue then to the famous Thistle-gorm. On the way we pass in Gubal and Siyul to admire some great reefs and explore the underwater world at night.

On our way to the south nearby Safaga we have the wreck of the 1991 sunken ferry Salem Express in the program. Then we continue to the beautiful reefs at Panorama Reef. At the end of the tour another “highlight” is waiting for us, the Elphinstone with its Longimani and Hammerheads and impressive drop offs.

## Sheer diversity, from north to south or vice-versa!

Option 2:

Start in Port Ghaleb, end in Hurghada

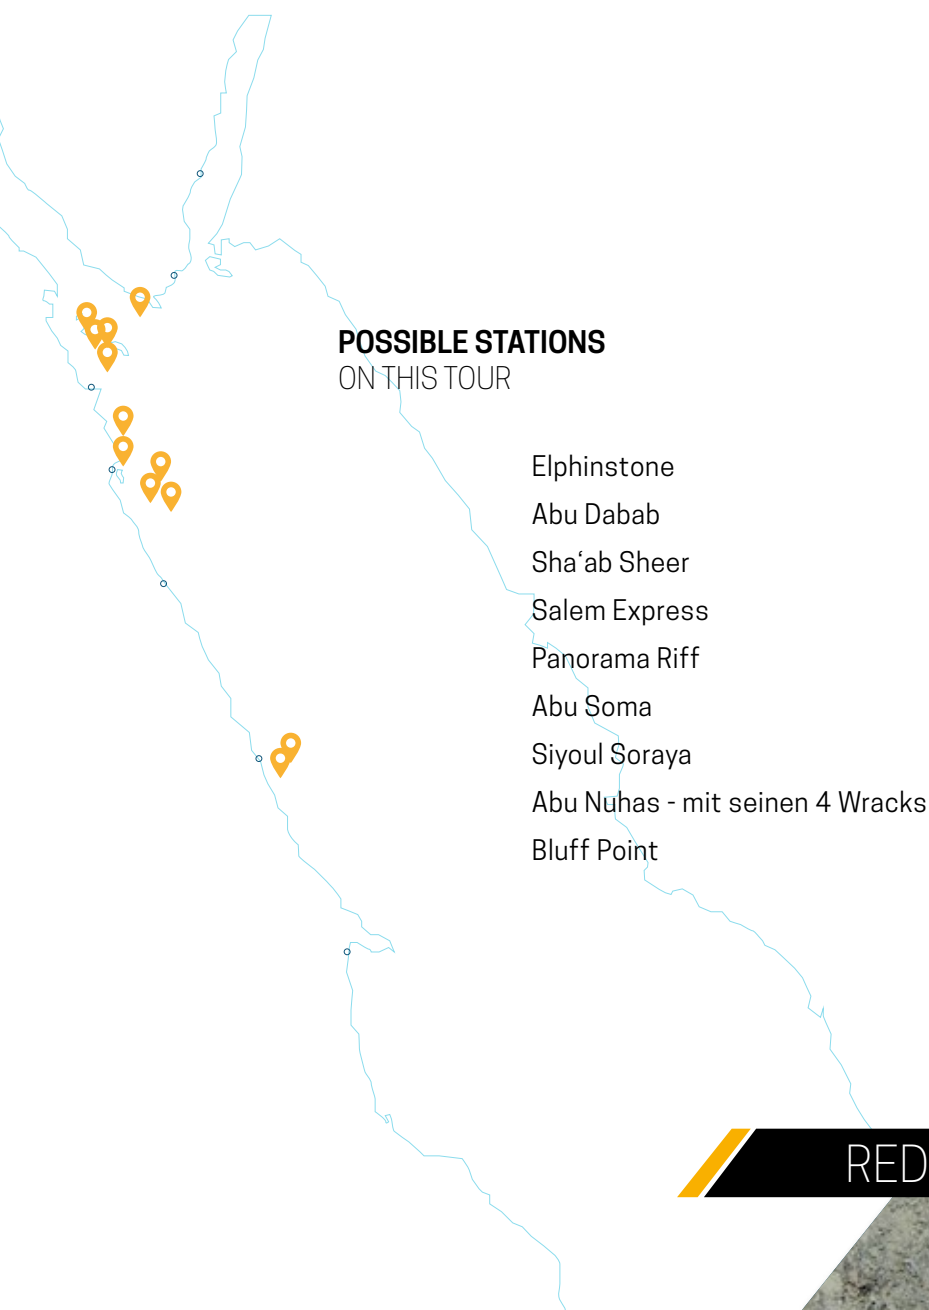

After starting in Port Ghalib's the famous Elphinstone attracts with its Longimani and a Hammerhead school.

Then it goes northwards to the dive sites around Safaga. Here lies the wreck of the 1991 sunken ferry Salem Express. Even the Panorama reef is on the program.

Further north we reach the wrecks at Abu Nuhas, where we dive 2 or 3 of them, before it then goes on to the wreck of the legendary Thistlegorm.

In between, there are the great reefs around Gubal and Siyul and with a little luck at the end the dolphins in Sha'ab el Erg.
